# 2013 State of Child Care Centers in Nevada

## Strengths

- Health standards address 10 of 10 basic standards.
- Safety standards address 10 of 10 basic standards.
- Centers are required to encourage parent involvement, communicate regularly with parents, allow parents access and give written policies to parents.

## Weaknesses

- Background checks do not require a check of the sex offender registry.
- Providers are not required to have a high school diploma or GED.
- Group size requirements do not meet NAEYC accreditation standards for any of the seven age groups.
- Staff:child ratio requirements do not meet NAEYC accreditation standards for six age groups.
- Neither complaint nor inspection reports are online.

## Recommendations

- Background checks should include a check of the sex offender registry.
- Require lead teachers to have a minimum of a Child Development Associate (CDA) credential or a degree in early childhood education or related field.
- Require centers to comply with NAEYC accreditation standards for group size in all seven age groups.
- Require centers to comply with NAEYC accreditation standards for staff:child ratios in all seven age groups.
- Make both inspection and complaint reports available online.

### Notes:

1. The total maximum points a state could receive is 150. Ranks out of 52, including 50 states, the District of Columbia and the Department of Defense (DoD).
2. In addition to orientation, topics of initial training are child development, child guidance, child abuse prevention, emergency preparation, licensing regulations, learning activities, health and safety, safe sleep, shaken baby prevention, CPR and first aid.
3. Topics of annual training are child development, child guidance, child abuse prevention, emergency preparation, licensing regulations, learning activities, health and safety, safe sleep, shaken baby prevention, CPR and first aid.
4. Planning learning activities includes language/literacy, dramatic play, active play, cognitive/math, self-help skills, creative activities, limit screen time, social development, emotional development and culturally sensitive activities.
5. Ten health areas are hand washing/diapering/toileting, nutritious meals and snacks, immunizations, exclusion of ill children, universal health precautions, administration of medications, toxic/hazardous substances, sanitation, weekend/evening care and incident reporting.
6. Ten safety areas are SIDS prevention, discipline/guidance, fire drills, outdoor playground surfaces, emergency plans, electrical hazards, water hazards, supervision, transportation (with head count), firearms (prohibited or access controlled). Prohibiting corporal punishment is scored separately. States that permit parents to authorize the use of corporal punishment receive a zero for the safety benchmark.
7. Source for regulatory information: State regulations reviewed by staff at Child Care Aware® of America and by state licensing staff and are current as of February 1, 2013.

Source for cost of care information is 2011-2013 data from Child Care Aware® of America. (2012). *Parents and the High cost of Child Care: 2012 Update* <http://www.naccrra.org/about-child-care/cost-of-child-care>.
