FEMA

Public Assistance Program and Policy Guide

- The FEMA Public Assistance Program and Policy Guide (PAPPG) combines all Public Assistance policies into a single volume and provides an overview of the Public Assistance program implementation process.
- Includes provisions for child care and other Private Non-Profit (PNP) organizations.

www.fema.gov/media-library/assets/documents/111781

FEMA

2

Public Assistance Overview

General

- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as Amended (Stafford Act), Title 42 of the United States Code (U.S.C.) 5121 et. seq., authorizes the President to provide Federal assistance when the magnitude of an incident or threatened incident exceeds the affected State, Territorial, Indian Tribal, and local government capabilities to respond or recover
- FEMA provides assistance to these entities, as well as certain types of PNP organizations, through the Public Assistance Program
- For FEMA to provide Public Assistance, the President must declare that an emergency or major disaster exists

FEMA

3

Public Assistance Overview

General

- The Public Assistance Program assists in the restoration of community infrastructure, generally to “pre-disaster condition”
- It is a supplemental cost reimbursement program with specific eligibility requirements
- The Federal cost share is usually 75 percent
- The Federal share of eligible costs will be awarded to the recipient for disbursement to the subrecipients

FEMA

4

Public Assistance Overview

General Eligibility Pyramid

FEMA

5

Public Assistance Overview

Eligible Applicants

- These include: States, Federally-recognized Indian Tribal governments, Territorial governments, county, city/town/village, other political subdivision of the State, certain PNP organizations
- A **recipient** is a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program
 - For Public Assistance, this is a State, Territorial, or Tribal government that is responsible for administering Public Assistance Grants
- A **subrecipient** is an applicant that receives a Public Assistance grant as reimbursement for performing eligible disaster-related work

FEMA

6

Public Assistance Overview

Types of Work

Emergency Work

- Category A – Debris Removal
- Category B – Emergency Protective Measures

Permanent Work

- Category C – Roads and Bridge Systems
- Category D – Water Control Facilities
- Category E – Public Buildings/Equipment
- Category F – Public Utilities
- Category G – Other (Parks, Recreation, etc.)

FEMA

7

PNP Eligibility

Public Assistance may be able to provide grants to certain PNP organizations that own or operate facilities that provide non-critical, essential governmental services, including child care facilities.

To be eligible for Public Assistance:

- A PNP organization must have a ruling letter from the U.S. Internal Revenue Service (IRS) or satisfactory evidence from the state that it is a nonprofit organization doing business under state law
- PNPs must own or operate an eligible facility and must be open to the general public
- PNPs must be legally responsible for disaster related repairs to the facility

FEMA

8

Available Disaster Assistance

- PNPs that provide child care services should apply simultaneously to FEMA and the U.S. Small Business Administration (SBA)
- Permanent Work: For PNPs that provide non-critical, essential governmental services, FEMA only provides Public Assistance funding for eligible Permanent Work costs that are not covered by an SBA loan
- Emergency Work: Public Assistance may provide assistance for debris removal and emergency protective measures related to a non-critical PNP's damaged facility; this is **not** contingent upon SBA assistance
- PNPs should file a claim with their insurance provider. PNPs should not wait for an insurance settlement before filing with FEMA or SBA
- FEMA will not provide assistance for work covered by an SBA loan or insurance, or where other Federal agencies have the specific authority to provide assistance

FEMA

9

How to Get Assistance

- Contact the State emergency management agency to obtain information about attending an Applicant Briefing – meetings run by the State to provide information about the application process and potential assistance
- All applicants for FEMA Public Assistance must submit a Request for Public Assistance (RPA) through the State

FEMA

10

Damaged Child Care Facilities

Eligible Costs

- Costs to repair buildings, replace contents and equipment, remove debris, and perform emergency work may be eligible for reimbursement
- Public Assistance grants are cost shared - typically, 75 percent Federal and 25 percent non-Federal
- For Permanent Work, Applicants should apply simultaneously to FEMA and SBA, as FEMA only provides funding for eligible Permanent Work costs that are not covered by SBA

FEMA

11

Damaged Child Care Facilities

Temporary Facilities

Costs associated with the provision of temporary facilities to allow an Applicant to re-establish child care services it provided prior to a disaster may be eligible for reimbursement

- Options include lease, purchase, or construction of a temporary facility; FEMA will fund the most cost effective option
- Temporary facility assistance is normally only provided for six months; where appropriate, a longer time period may be approved
- Utility, maintenance, and other operation costs are not eligible for reimbursement

FEMA

12

Child Care Services

Sheltering

FEMA reimburses State, Territorial, Tribal, and local governments for the cost of providing licensed child care services to support sheltered populations

- This includes the cost of labor, facility, supplies, and commodities
- FEMA may also provide funding for the cost of child care services that the eligible Applicant provides to other survivors, and beyond the period of emergency sheltering, with certification that temporary child care is necessary to meet immediate threats to life, public health and safety, or property
- This includes services such as day care for children and before- and after-school care

FEMA

13

Child Care Services

Eligible Costs

- Facility Costs - minor modifications to make a child care facility habitable and functional, shelter safety and security, shelter management, and cleaning/restoration
 - The Applicant may provide these services within a shelter facility or in a separate facility, as appropriate
 - FEMA Public Assistance coordinates with FEMA Individual Assistance to ensure there is no duplication of benefits
- Supplies and Commodities – including but not limited to food, beverages, cots, linens, blankets, pillows, toys, and books

FEMA

14

Child Care Services

Eligible Costs – Labor Costs

- If a regular employee of an eligible Applicant performs duties in direct support of child care operations, overtime pay related to such duties may be eligible for reimbursement
- Regular-time and overtime costs for contract labor and temporary hires needed to accomplish the emergency work may be eligible

25

Wrong Product

Nonprofits are inundated with unsolicited goods and waste time and resources on handling and disposal.

Wrong Time

Donations, such as mattresses, that are donated too early in the disaster recovery process can be spoiled and go to waste.

Wrong People

During the early stages of disaster we need to work with nonprofits who have the capacity to distribute.

Unsolicited giving can result in up to 60% of donated goods going to landfills or otherwise going to waste

OUR CORPORATE PARTNERS

HOW IT WORKS

Staging

Early Response

Long-Term Recovery

CURRENT INVENTORY

- Hasbro Emotional Care Kits
- School uniforms
- Masks
- Gloves
- Goggles
- Paint
- Dishware
- Linens
- Clothing
- Shoes
- Diapers
- Coveralls
- Cleaning chemicals
- Pillows
- Furniture
- Adult incontinence
- Lip care and makeup
- Shampoo and conditioner
- Sunscreen
- Bikes
- School supplies
- Winter clothes
- Undergarments
- Toys
- Duct tape
- Baby wipes and cream
- Paper products
- Flooring

29

HOW TO REQUEST PRODUCT

- **Email ME; but expect a few questions:**
 - What are you looking for?
 - In what quantities?
 - When do you need the products by?
 - Do you have receiving capabilities? Forklift? Loading dock? (wo)man power?
 - Do you have the appropriate space for storage?
 - How will you distribute the product provided?
 - Will you be able to provide Good360 with pictures of the distribution? ***

Tiffany@Good360.org

30

KEY MILESTONES

- Sourced and distributed **\$28 million** to disaster-impacted regions
 - **\$6 million** sent to SE Texas
- Activated and sent product within **72 hours** of a disaster
- Built strong **collaborative models and partnerships** with nonprofits and corporations
