

WHAT TO DO IF A CHILD BECOMES SICK AT CHILD CARE OR REPORTS A **NEW COVID-19 DIAGNOSIS***

Adapted from CDC guidance. Last updated 09/30/2020

Notes

* Scenario based on geographic area with community transmission of SARS-COV-2 – the virus that causes COVID-19

¹ COVID-19 POC = the designated point of contact in the child care program

² With no known close contact

³ Close contact is defined as someone who was within 6 feet for a total of 15 minutes or more within 2 days prior to illness onset, regardless of whether the contact was wearing a mask.

⁴ Child can end home isolation after meeting all of the following three criteria: at least 10 days since symptoms appeared, at least 24 hours with no fever-reducing medication, and symptoms have improved
